

Atlasrutor artantal

This image displays a large, complex grid of numbers, likely representing an atlas or a detailed index of art-related data. The grid is organized into rows and columns, with numbers ranging from 1 to 1000. The numbers are arranged in a pattern that is roughly triangular, with the top row containing a single number (17C20) and the bottom row containing a long sequence of numbers. The numbers are small and densely packed, with some cells containing multiple numbers or symbols. The overall layout is intricate and spans most of the page area.
